BRIEF SUMMARY

I am Kajal Mandal. . I am a B.Tech graduate in Computer Science Engineering with a passion of coding and problem solving, with hands-on experience in business development and digital marketing, gained through my roles at Zignuts Technolab and Yudiz Solutions. My background has equipped me with a strong blend of technical understanding and business acumen, allowing me to effectively bridge the gap between technology and strategic decision-making. Having collaborated closely with cross-functional teams, managed client communications, and contributed to tech-driven business growth, I have developed a solid foundation in requirement analysis, market research, and solution mapping. I am now seeking opportunities as a Tech Business Analyst, where I can leverage my technical knowledge, analytical mindset, and business insights to support data-driven decisions and deliver meaningful value to both product and business teams.I am an eager learner ,constantly striving to improve my skills and stay ahead of the latest trends in software development.

10th | MSBSHSE | Percentage: **81** / **100**

AWARDS AND SCHOLARSHIPS

- medal in Winning taluka level badminton event organized by BNCMC sports corporation

PROFESSIONAL EXPERIENCE

ZIGNUTS TECHNOLAB | IT Product & Services | Sales Department — 23 Dec, 2024 - 03 Nov, 2025

Business Development Executive

Key Skills:

lead generation | project Management | lead nurturing | attending client meeting | Customer relationship management

As a Business Development Executive at Zignuts Technolab, I managed the complete sales lifecycle, from lead generation and qualification to client engagement and deal closure. I collaborated closely with clients to understand their business needs and translate them into clear project requirements, working with technical and project management teams to create proposals, estimations, and solution approaches. My role involved preparing detailed RFP/RFQ responses, conducting product demos, and maintaining strong relationships with international clients across the US, Europe, and the Middle East. I also handled CRM pipeline management, market research, and competitive analysis to support strategic decision-making. By standardizing proposal templates and improving communication workflows, I helped enhance efficiency, client satisfaction, and overall business growth.

Yudiz Solutions | IT Product & Services | Marketing — 01 Jan, 2024 - 03 Dec, 2024

digital marketing executive

Key Skills:

search engine optimization | search engine marketing | social media marketing | content marketing | email marketing | marketing analysis

As a Digital Marketing Executive, I planned and executed data-driven digital marketing campaigns across SEO, social media, email, and paid advertising channels to drive brand visibility and lead generation. I managed end-to-end campaign activities, including content creation, keyword research, ad optimization, and performance tracking using Google Analytics, Google Ads, and social media insights. I created engaging content calendars, optimized website pages for search performance, and collaborated with designers and cross-functional teams to produce high-impact creatives. Additionally, I monitored KPIs such as CTR, engagement, traffic growth, and

conversions to continuously refine strategy and maximize ROI. My role also involved competitor analysis, market research, and maintaining strong online brand presence across multiple platforms.

INTERNSHIPS

ZIGNUTS TECHNOLAB | IT Product & Services 23 Dec, 2024 - 30 Apr, 2025

Business Development Intern

As a Business Development Intern at Zignuts Technolab, I managed the complete sales lifecycle, from lead generation and qualification to client engagement and deal closure. I collaborated closely with clients to understand their business needs and translate them into clear project requirements, working with technical and project management teams to create proposals, estimations, and solution approaches. My role involved preparing detailed RFP/RFQ responses, conducting product demos, and maintaining strong relationships with international clients across the US, Europe, and the Middle East. I also handled CRM pipeline management, market research, and competitive analysis to support strategic decision-making. By standardizing proposal templates and improving communication workflows, I helped enhance efficiency, client satisfaction, and overall business growth.

PROJECTS

Detecting Rotten food and vegetable through AI and IOT device 20 Nov, 2023 - 31 Oct, 2024

DATA ANALYTICS WITH PYTHON

Aggregate: 53 / 100

Key Skills:

Importing Data. | Basic Visualization. | Filtering Data. | Recoding Data. | Gap Analysis Using t-Tests. | Correlation and Scatterplots. | Simple Linear Regression.

This helps the company's decision-makers identify the trends and make better business decisions. Python libraries like Matplotlib allow data analysts to convert numbers into pie charts, graphics, histograms, etc. This makes it easier for data analysts to make their driven data visually appealing and comprehensible.

JAVA : THE FUNDAMENTALS OF JAVA PROGRAMMING

Key Skills:

Javascript | HTML/CSS | GIT AND GITHUB | BACKEND LANGUAGES | DATABASE AND WEB STORAGE | SPRING FRAMEWORKS | DEVOPS TOOLS | WEB ARCHITECTURE | HTTP AND REST | SOFTWARE DESIGN AND ARCHITECTURE | JVM INTERNALS

Java is a multi-platform, object-oriented, and network-centric language that can be used as a platform in itself. It is a fast, secure, reliable programming language for coding everything from mobile apps and enterprise software to big data applications and server-side technologies. Java code can run on any underlying platform like Windows, Linux, iOS, or Android without rewriting. This makes it especially powerful in today's environment, where we want to run applications on multiple devices.

POSITIONS OF RESPONSIBILITY

WINNER TALUKA LEVEL IN BADMINTON

Badminton is often played as a casual outdoor activity in a yard or on a beach; formal games are played on a rectangular indoor court. Points are scored by striking the shuttlecock with the racquet and landing it within the other team's half of the court. Badminton is a fast-paced racket sport that can be played either as singles or doubles, with the aim of hitting a shuttlecock (or shuttle) over a net and into the opponent's court.

SEMINARS / TRAININGS / WORKSHOPS

Impact training through bytexl **Institute Name:** Parul Institute of Engineering and Technology — 08 May, 2024 - 08 Jun, 2024

HANDS ON TRAINING ON COMPRESSION-ONLY LIFE SUPPORT

19 Oct, 2022 - 22 Oct, 2022

Institute Name: Parul Institute of Engineering and Technology

Key Skills:

Ensure the person is on their back on a firm, flat surface | Kneel beside the person | Use correct hand placement | Use correct body position | Give continuous compressions | Allow chest to return to its normal position after each compression

The rate of chest compressions should be 120/minutes and compression depth should be at least 5 cm but not more than 6 cm. The rescuer should allow complete chest recoil between compressions without lifting hands from the chest but should not lean on the victim's chest.

YOUR VOTE SPEAK

Institute Name: Parul Institute of Engineering and Technology

Key Skills: RIGHT TO VOTE | IMPORTANCE OF VOTING

It's time again to take the most basic action in a democratic society. It's time to vote. It wasn't too long ago that women had no voice and thus no right to vote. It is important to not take this opportunity to define the direction of this country. So, why should I vote? You should vote because voting it is a fundamental process and right of yours to decide of who best represents you. Voting keeps our system of democracy and leadership working on our behalf. Through the elections process, you have the ability to decide on what is important to you in this country and FEW.
